

Subject: Section 504 of the Rehabilitation Act

Dear Attorney General Austin Knudsen,

Please withdraw Montana from Texas v. Becerra. Such legal action attacking the civil rights of Montanans and others with disabilities is wrong, and Montana should have no part in the case.

My Name is _____ .

I am a member of the Montana Association for the Blind, helping other people experiencing blindness or low vision to live fully independent lives. The civil rights afforded to Americans with disabilities during the past fifty years make increased independence possible for all people experiencing a disability of any type. The Texas v. Becerra suit would effectively end all assurance of equal opportunity and fair treatment for myself and for those with disabilities.

We Montanans celebrate and highly value our independence. Please help all those experiencing any type of disability to enjoy the same rights and privileges of every Montana citizen regardless of limitation.

Thank you so much for your consideration of my request:

Sincerely Yours!
